Dear Parent/Carer,

## Update of Pupil Information

From September the Department for Education requires schools to provide additional census information that is not currently recorded on our systems. This is a requirement for all pupils registered at the school.

We would also like to take this opportunity to check and update some other details we hold for your child.

**We would be grateful if you could complete the information overleaf and return it by Tuesday 28<sup>th</sup> June.**

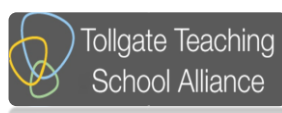

We like to celebrate the achievements of both children and the school. You will have seen evidence of this at achievement assemblies, in the monthly newsletter and on the school website. Due to the changing nature of modern communication, there is also an updated **digital consent form** for completion.

The school is in the process of updating the website and hopes to use this to improve communication with parents/carers. As well as holding useful information such as term dates, letters and policies, it will be a showcase for parents/carers and the wider community to see some of the exciting educational activities that happen on a daily basis within school. For information, a photographer will be on-site on Thursday 30<sup>th</sup> June 2016 to capture some new images for the new website.

Thank you in advance for your co-operation.

Yours sincerely,

Gary Wong  
School Business Manager

## DIGITAL CONSENT

Occasionally, we may take photographs of the children at our school. We may use these images as part of our school displays and sometimes in other printed publications such as the school newsletter, as well as on our website. This is for educational and promotional use, as well as to celebrate the achievements of the children and the school.

**If we use photographs of individual pupils on printed publications and the website, we will not use the name of that child in the accompanying text or photo caption.**

From time to time, our school may be visited by other organisations who will take photographs or film footage of a high profile event. Children may appear in these images, which will sometimes be published in local or national newspapers and on their websites.

To comply with the Data Protection Act 1988, we need your permission before we can photograph or make any recordings of your child. Please answer the questions below, then sign and date where indicated.
